

Company Policy Statement on Miscellaneous Technical Legislations

Komenda, 1. 10. 2024

RLS products comply with all relevant EU technical legislation. That is declared in the EU declaration of conformity for all relevant "new approach" directives and in the REACH statement.

However, data and statements on various EU-non-related or non-EU-based acts are occasionally required. Statements on miscellaneous identified acts are listed below.

RLS products are not and do not contain any batteries.

RLS products are not and do not contain any biocides – Biocidal Products Regulation (BPR Regulation (EU) 528/2012).

RLS products are not in the scope of the Administrative Measure on the Control of Pollution Caused by Electronic Information Products published by The Ministry of Industry and Information Technology (MIIT) of China - China RoHS (Restriction of Hazardous Substances).

CCC - 3C - China Compulsory Certification does not apply to RLS products.

RLS is committed to managing the use of chemical substances per governmental regulations, industry standards, and customer-specific requirements to ensure that all aspects of our business have the least harmful effect on the environment. Consistent with industry practices, RLS does not support analytical testing for toxic substances.

Information is based on the knowledge of materials used in the finished products and information provided by suppliers.
