

RMK2 evaluation board

RMK2 is evaluation board, not suitable for mass production.

Outputs: Parallel, SSI, Incremental, Unbuffered Sine/Cosine

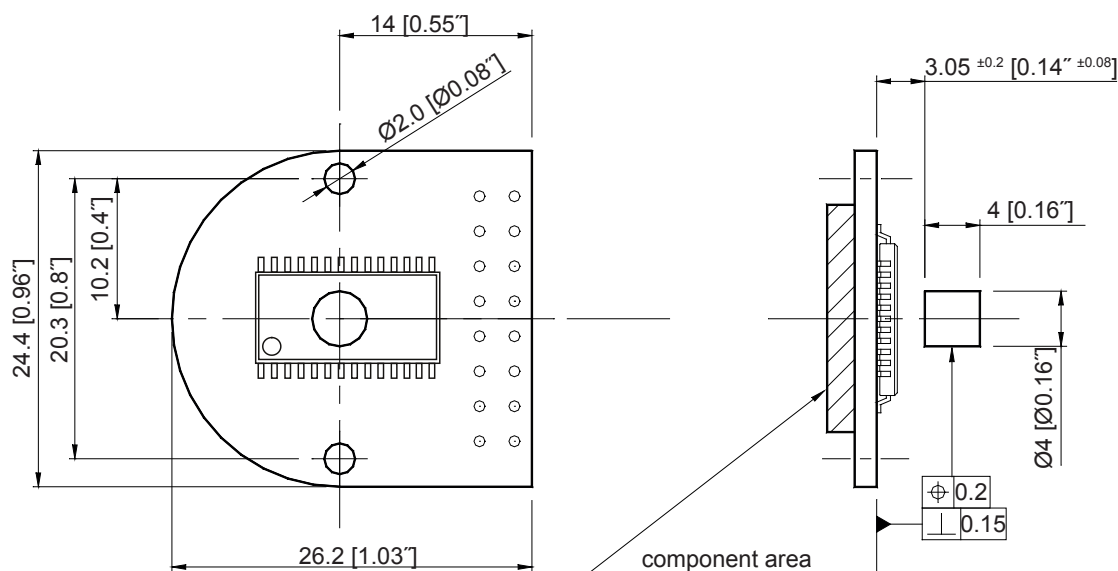

Connections

Vss	Vdd
Clock	DL/SR
D0	CS
D2/Ri	D1/B
Cos	Sin
D4	D3/A
D6	D5
PS	D7/Data

NOTE: The connection pads are on 100 mils grid.

Dimensions

For RMK2 sample request please visit www.rls.si/am256.

Part number	Description
RMK2	AM256 angular magnetic encoder IC, on a PCB with all necessary components and a magnet, delivered in an antistatic box. Outputs: Parallel, SSI, Incremental, Unbuffered Sine/Cosine.
